# Fairview Evergreen Nurseries

FAIRVIEW, (ERIE COUNTY) PA.

LIBRARY  
RECEIVED  
★ SEP 12 1933 ★  
U. S. Department of Agriculture

F. C. HETZ AND SONS  
PROPRIETORS

FALL (August 21st) 1933

## WHOLESALE LIST—TO THE TRADE ONLY

**Terms**—Cash in advance, unless satisfactory arrangement is made before shipment. **Five Per Cent**—5% discount allowed if remittance accompanies order. 2% discount if paid within 10 days from date of invoice; otherwise list prices are net. Six per cent will be charged on overdue accounts.

**Overdue accounts subject to sight draft.**

All orders booked subject to prior sale.

**Boxing at cost.**—On cash in advance orders, sufficient allowance should be made for boxing. Otherwise shipments will go out with these charges collect. Shipments travel at purchaser's risk.

**RATES**—1 to 24 at 10 rates; 25 to 199 at 100 rates; 200 or more at 1000 rates.

Evergreen Seedlings and Transplants in less than 25 each lots at 20% advance.

**LOCATION**—We are located in Fairview Boro in the fertile garden belt, two miles from Lake Erie, and twelve miles west of Erie, in Northwestern Pennsylvania. Route U. S. 20, "The Yellowstone Trail" touches the corner of our nurseries which include 192 acres.

Fairview is the halfway mark between Cleveland, Ohio, and Buffalo, N. Y., and 60 miles east of the Nursery Center of Painesville, Ohio. It is also the closest point of contact between Pittsburgh, Pa., and Lake Erie.

We are not in the Japanese Beetle Quarantine Zone.

WE EXTEND YOU A HEARTY INVITATION TO COME AND SEE OUR STOCK

Evergreen Transplants for Lining Out

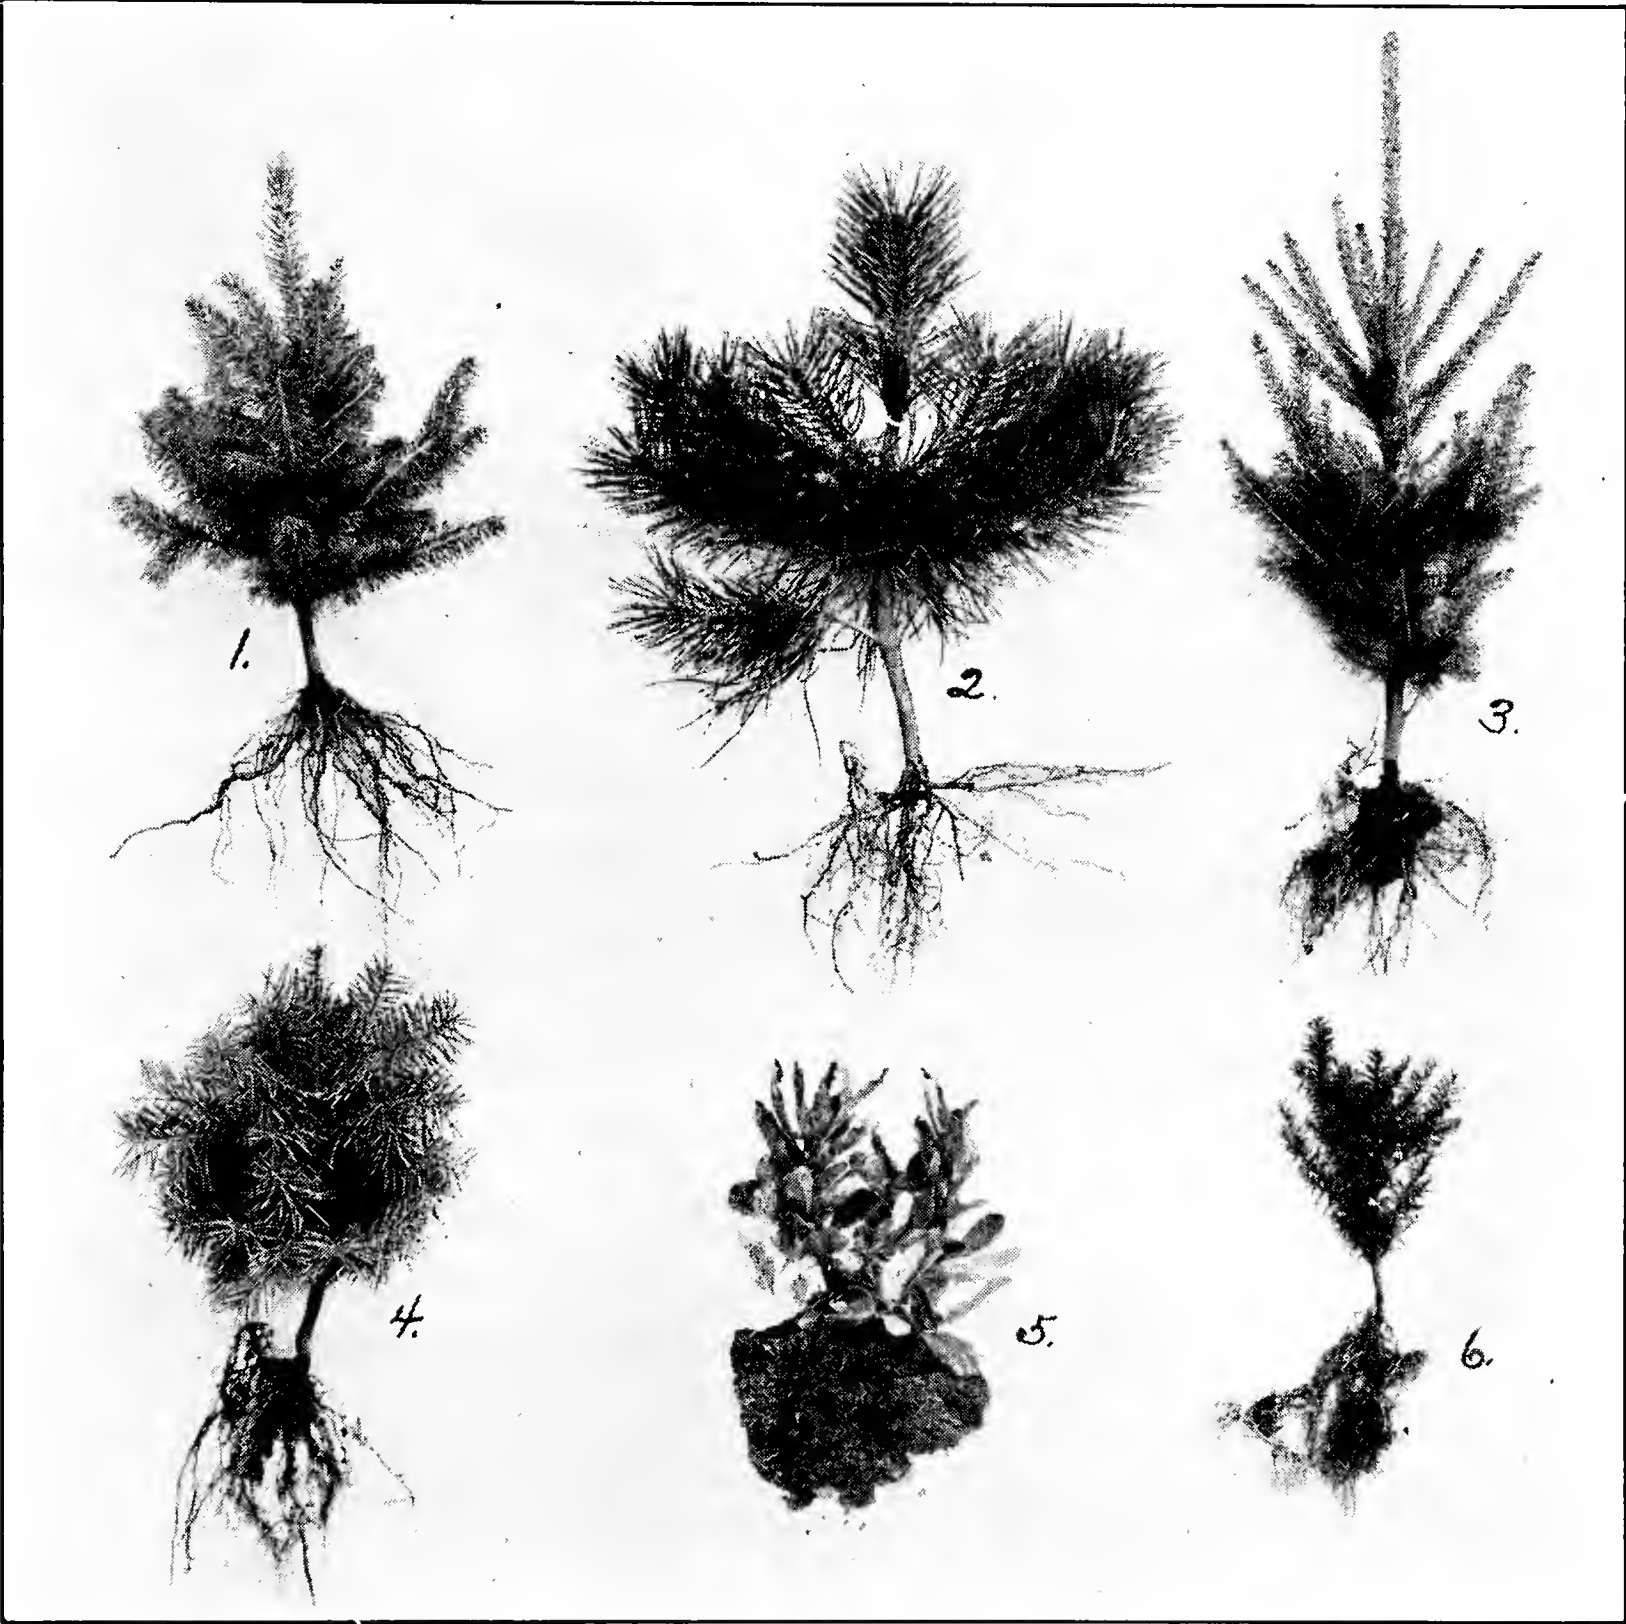

Our transplants will please you. They are growing on gravelly soil with plenty of space for development. This assures both a good top and root system. Part are from beds under irrigation. The majority, however, are from field rows.

Give us a trial order and let this stock speak for itself.

A black and white photograph showing a vast field of young pine trees, likely a nursery or a newly planted forest. The trees are arranged in neat, diagonal rows, creating a strong sense of perspective. The ground between the rows is light-colored, possibly sand or bare earth. In the far background, a dense line of mature trees marks the edge of the field under a clear sky.

Evergreen Specimens B & B

100 Acres of Evergreens Suitable for Balling

Our evergreens are properly sheared and transplanted. They have not been neglected in any respect during the past several trying years. We have not sacrificed quality to grow at a price. If we have never had the pleasure of serving you, give us a trial order and be convinced that our quality is A No. 1.

WE ARE NOT IN THE JAPANESE BEETLE QUARANTINE ZONE

Mugho'Pine

Pine Mugho (Montana Mughus) These Mugho Pine are the desirable slow growing compact type with an excellent root system. These have also been sheared. We feel qualified to name ourselves "Headquarters for Mugho Pine".  
Note:—Winter color richness and unusual resistance to abuse and red spider places Mugho Pine far above Globe Arbor Vitae, etc. Why not use more of them in your plantings and have satisfied customers?

Kindly note we are growers only. Stock goes direct from our fields to you. No extra handling and no undue exposure. Stock marked in the field by customers will not be governed by these prices.

This price list is made up as a buying guide at prices which we think are just. WE WILL ADHERE TO THEM. Solid cars will be discounted 5% below prices and terms specified herein.

We are adding to our list each year so we might be able to supply the needs of particular Landscape Gardeners and Nurserymen.
